

## ***The safety concept of the Silvretta Parkhotel***

*Dear guests, we are very pleased that you are spending your holiday with us at the Silvretta Parkhotel and wish you already today unforgettable days and best relaxation. For your personal safety and that of our employees, we ask you kindly to follow the rules of our health concept, which is in accordance with the Federal Office of Public Health (BAG) in Switzerland and the cantonal guidelines:*

- *The Swiss government is extending the covid certificate obligation (vaccinated, recovered, tested). The COVID certificate obligation will apply in the interior rooms of restaurants, cultural, leisure and sports.*
- *From now on, we will exclusively welcome guests at the Silvretta Parkhotel with a valid COVID certificate recognised in Switzerland.*
- *Your certificate will be checked by us at the check-in.*
- *If you are neither vaccinated nor recovered, you can obtain a COVID certificate by means of a rapid antigen test (valid for 48 hours) or a PCR test (valid for 72 hours). After this time, the test must be repeated. Testing facilities are available at the hospital in Davos or at the Helios Pharmacy in Klosters.*
- *The new regulations apply from the age of 16.*
- *Hand disinfectant is available in all public areas. Please use them regularly.*
- *On the terrace and the outdoor area, no COVID certificate is needed, the prescribed minimum distance must be maintained between groups of guests.*
- *Please let us know, if you wish no daily cleaning of your room.*
- *Both therapists and guests wear protective masks during cosmetic or massage treatments.*
- *Should you suffer from any Corona Symptoms, please go into quarantine immediately.*

*Of course, we are always available for your questions and requests. Many thanks!*

***Your family Erpenbeck & Team***
